

SIMON ARNEBERG

(414) 539-0179 | simon.arneberg@gmail.com | Portland, OR

Data professional with four years of experience developing BI solutions at the intersection of Analytics and Data Engineering. Proficient in SQL and Python, with extensive data visualization and a CS/math background. Eager to contribute to a mission-driven tech team.

EXPERIENCE

InterWorks

October 2025 - present

Data Engineer (Portland, OR)

- Build resilient pipelines and data models with SQL + dbt.
- Communicate clearly with wide-ranging clients, from ed-tech to video game development.
- Migrate legacy Matillion pipelines into code-first Analytics Engineering solutions (Snowflake/dbt).

Hewlett Packard Enterprise

June 2022 - June 2025

Data Analyst, Business Systems Engineering (Chippewa Falls, WI)

- Historical Reporting – Constructed custom Power BI apps for 5 different departments, enabling plant leadership to easily see quality objective trends. Data pipeline processed >\$4B worth of cycle counted inventory, >7500 Sales Order commit/ship dates, and >3.6M vendor parts.
- Operational Data Quality – Built a SAP/Python script to daily extract and validate BOM details, enabling preemptive correction in 12.6% (~\$450M worth) of Sales Orders over a 12 month period.
- Conducted biweekly quality meeting with engineers and managers to discuss product first pass yields, drilling down to root cause and assigning action owners.

Data Scientist Intern (Chippewa Falls, WI)

June 2022 - September 2022

- Internship Project – “Building an Internal Manufacturing Metrics Dashboard” using SQL and Python.

AIMS Research Group

September 2021 - May 2022

Artificial Intelligence & Machine Learning Security (UW-Eau Claire)

- Reviewed and summarized the current state of research on Data Mining in Smart Cities.
- Co-authored a comprehensive literature review published to the Journal of Computer Science.

PetHonesty

June 2020 - August 2020, June 2021 - August 2021

Marketplace Analytics & Operations Internships (Austin, TX)

- Constructed multiple trackers for key features across 40+ products.
- Responsible for driving 1000+ organic reviews for 10 key products on Chewy.com.

EDUCATION

University of Wisconsin - Eau Claire

September 2018 - May 2022

B.S. Computer Science, Minor in Mathematics

GPA: 3.72

University Honors Program, Magna Cum Laude

SKILLS

- **Certifications:** SnowPro Core Certification, Databricks Certified Data Engineer Associate
- **Technical:** SQL, dbt, Python (pandas), Power BI, Excel, Power Query, Cloud warehousing
- **Analytical:** ETL, Dashboard development, Data modeling, KPI analysis, Root cause analysis
- **Personal:** Writing/recording music (6 EPs), Cross-country bicycle touring, Juggling
